LINKEDIN · CONNECTION REQUEST

Day 1

Hi Caroline, noticed Allegra Consulting does similar work to a few consulting firms I have been chatting with. Recorded a quick video on it, thought it was worth connecting first: [wfmax.info/y9ubevrh](#)

EMAIL 1 · INTRO

Day 3

*"Allegra Consulting's real utilisation | Caroline, target vs actual"*  
Hi Caroline, do you know Allegra Consulting's real utilisation last month? Not the target on the wall — the actual hours that turned into revenue. For most consulting firms it's less than they'd guess, and it's the easiest margin to win back. So I recorded you a 60-second video on where it hides, with a 2-minute health check to see your own number.

LINKEDIN INMAIL 1 · COLD FALLBACK

if not connected

*"a 2-minute video for Allegra Consulting"*  
Hi Caroline, we are not connected yet so I will keep this short. I noticed Allegra Consulting does similar work to a few other consulting firms I have been talking to lately. I am sure you have systems in place to help you understand the health and profitability of each job, but I recorded this quick video anyway, appreciate you taking a look: [wfmax.info/y9ubevrh](#). There is a short series of tools behind it if it is useful.
